NEW BUSINESS: Pineville Tavern Land Development Plan: Appearing for the Applicant, Dishes, Inc. was: Mr. Don Marshall, Esquire and Mr. Andrew Abruzzese, owner. The Applicant was proposing an addition to the Pineville Tavern. Mr. Marshall noted that all matters in the Boucher and James, Inc. review letter of September 6, 2007 would be complied with.

Although the Applicant had received relief from the Wrightstown Zoning Hearing Board for use and impervious coverage, the Applicant neglected to apply for relief of excessive building coverage. Mr. Marshall stated that the Applicant would reapply to the Wrightstown Zoning Hearing Board and the Board agreed to allow the case to be reopened and would have no objection, as the relief granted was similar to the relief requested.

Mr. John Rasiej of Cedar Road questioned the safety of the parking lot configuration. Mr. Pogonowski noted that there

would be no more parking than already existed. The proposed configuration had been reviewed by PADOT and the DVRPC, as well as the Township Traffic Engineers. Mr. Pogonowski asked that the Applicant add additional line striping for clarity.

Ms. Piette was directed to draft a resolution for the next meeting.

Proposed Zoning Amendment #2007-03: Electronic Graphic and Video Signage: The Board reviewed a proposed amendment to regulate electronic graphic and video signage. The Board agreed that they presented a health and safety issue. Comments would be forwarded to the Jointure.

Proposed Zoning Amendment #2007-04: Zoning Map Change from POS to EIR (Newtown Township): The Board discussed a proposed amendment to change the zoning of a tract of land in Newtown Township (the Woll Tract) from POS (Park and Open Space) zoning to EIR (Educational, Institutional and Recreational). Newtown Township was proposing to create an active recreation facility and required additional impervious area.

Mr. Pogonowski was concerned that Newtown Township would not consider the Wrightstown Planning Commission's issues related to traffic, hours of operation and lighting. He suggested that the requirements for hours and lighting in the EIR District be changed at the same time as the zoning map change.

The amendment was tabled to allow discussion with Newtown Township and further investigation of lighting at similar facilities.

ADJOURNMENT: There being no further business or comment, *Mr. Lloyd made a motion, seconded by Ms. Magne and approved by all Members present, to adjourn the meeting at 9:10 p.m.*

Respectfully submitted,

Eileen M. Bradley
Township Administrator
