JMZO 2007-03 – Video Signage: Ms. Goldstein said that the draft before the Commission, dated January 31, 2008, is identical to the one reviewed on February 14, 2008. It is her understanding that further revisions are to be made at the suggestion of Newtown Township.

JMZO 2008-02: Zoning Map Change – FCO: Ms. Goldstein explained that the FCO Ordinance lists all tax map parcels to be included in the FCO, however one of the parcels was inadvertently excluded in the map, although listed in the Ordinance. This amendment will correct the zoning map.

Other Business: Mr. Fowler asked the Commission if they had considered a previous suggestion that the Commission visit sites where land development is being proposed.

Ms. Goldstein suggested that if the Commission is interested in visiting sites, they should speak to Township Manager Eileen Bradley about arranging the visit with the applicant. She would be willing to accompany the Commission on the visit. She was not sure whether advertising would be required in a quorum of Commissioners were present.

Mr. Davis reported that the Township has received permission from PennDOT to install a parking lot at the 8-sided school. He asked the Commission members to consider the best street access. The members agreed that an entrance on Swamp Road would probably be safer than one on Second Street Pike.

Dr. Mark moved to adjourn at 8:15 PM. Mr. Fowler seconded and the motion passed 6-0.

Respectfully Submitted:
