

The Wrightstown supervisors are looking for donations for a custom-made stained glass image of the Township seal.

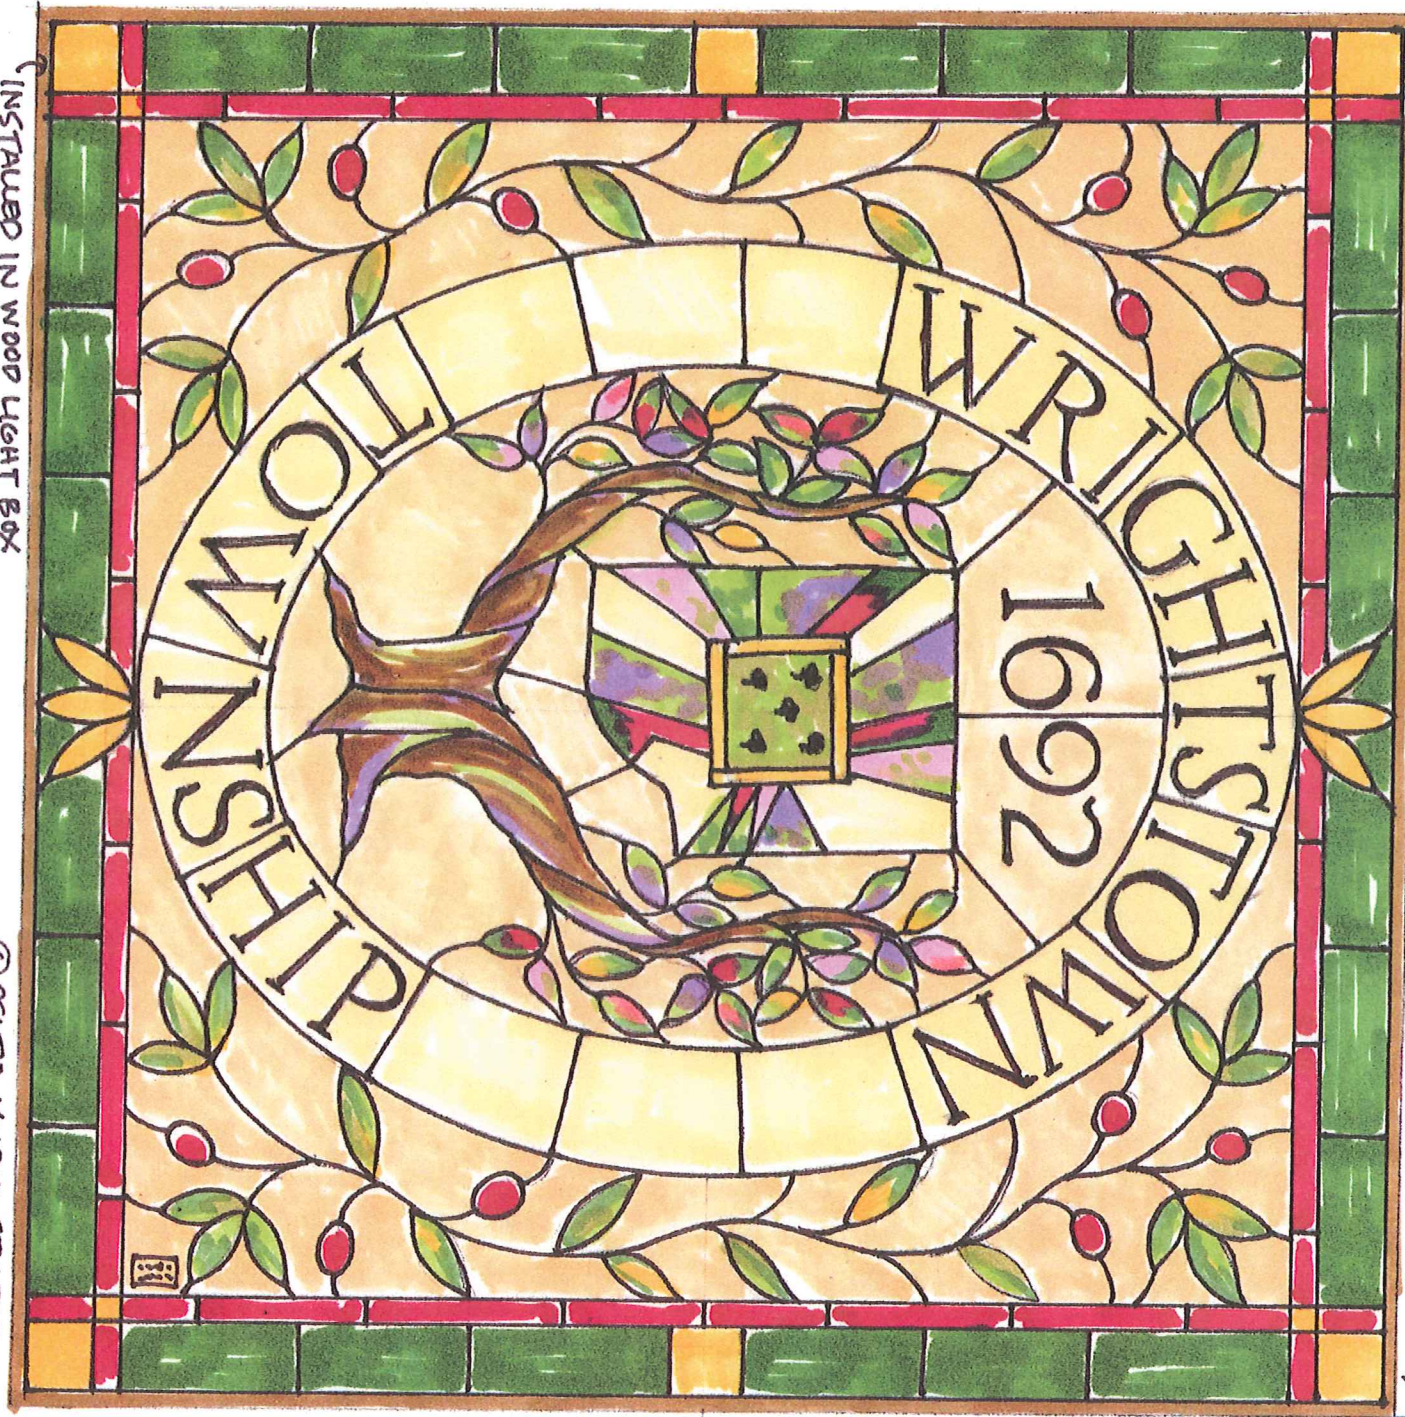

Hand-rolled and blown glass will be used in the construction, and the seal will be mounted in a wooden frame with a light behind it.

When completed, the 4 ½ -by- 4 ½ foot sign will be installed in the Township building's meeting room behind the supervisors' dais.

The project will cost \$7,000. The window was designed and will be constructed by the Osler and Kurki Studio of Wrightstown.

A large donation for the project was received in November, but more funds are needed. To make a donation, contact Ethel Hibbs at 215-598-3313, ext. 100.

LEADED STAINED GLASS WITH PAINTED/FIRED DETAIL (LETTERING @ 15M. TREES)

INSTALLED IN WOOD LIGHT BOX
