SUPERVISORS' COMMENTS

Chair Pogonowski attended a meeting with representatives from Northampton Township, Representative Tai's office and PennDOT to review two proposals for the replacement of Worthington Mill Road bridge. The first proposal was for 2 twelve-foot lanes with 2-foot wide shoulders that PennDOT would build and maintain. The second proposal was for a single lane bridge similar to the current bridge, providing that the Townships take over the bridge. Chair Pogonowski stated that taking over the bridge would also require taking over a portion of Worthington Mill Road for plowing and road maintenance. He does not believe it is in the Township's best interest to take over the Worthington Mill Road bridge.
